NOTICE OF NEW COLLABORATION:
MARYLAND HALL X THE GIVING BLOCK
Maryland Hall Now Accepts Crypto & Stock Donations

Donate Crypto and Stocks to Maryland Hall

Maryland Hall now accepts cryptocurrencies and stock donations as we want to evolve our mission of *Art for All* while expanding our impact within the local community. Maryland Hall understands that we live in a world of possibilities and believe that there are opportunities for crypto donors to engage with us in this journey. We want to give prospective donors as many ways possible to support our mission.

Maryland Hall is proud to be involved in the fastest-growing donor demographic by accepting Bitcoin, Ethereum, and cryptocurrency automatically converted to US Dollars and marketing support. Cryptocurrency and stock donations can make a big difference in thousands of families that benefit from our arts programs and initiatives.

When you donate crypto to Maryland Hall through The Giving Block, you do not recognize capital gains from the donation and can deduct it from your taxes. In other words, donating your crypto can reduce your tax burden. This makes contributing to your favorite cause favorable and beneficial!

The Giving Block has proudly positioned Maryland Hall to immediately accept cryptocurrency donations and provides a platform and forum to learn and discuss crypto education. As you contribute crypto and stocks to Maryland Hall, you are now a part of the most environmentally friendly crypto donation platforms on the planet.
